

Robot God Akamatsu, Vol. 1, Graphic Novel

When an enormous monster rises out of the Atlantic to raid Boston, an ancient robot god awakens to defend the city. But is this mysterious robot Boston's defender, or its enemy? When other-dimensional giant monsters (Dai-Kaijus and NecroBeasts), lead by the malevolent Balan Uru attack Boston, Robot God Akamatsu (RGA for short) is awakened from his slumber by modern science and ancient magic. It is a little bit Godzilla, a tad bit of Force Five and a mighty rocket punch of the Shogun Warriors. Created by James Biggie (writer) & Frankie B, Washington (artist) with letters and edits by Josh Van Reyk (Letterer).
