

Jazzy Greeting Cards

What makes these cards so jazzy? The techniques that adorn them--stenciling, stamping, embossing, punching, and collage--as well as a wealth of eye-catching embellishments, including festive beads, jewels, ribbons, and tassels. Plus, they're the creations of a team of talented artists who have really outdone themselves. Some of the designs are easy to make, others more complicated, but there's something for every occasion and a wide array of styles and sizes to choose from. Give a Love Collage to a sweetheart; a Special Delivery greeting with a stork and small baby motifs; and cards for birthdays, anniversaries, Mothers and Fathers Days, and every holiday.
