

I decided to release book 2 because there are still so many unanswered questions when it comes to understanding men. These are not tell-all books. Because there is so much to tell, it couldn't possibly be told in just a few books. The intent of these books is to share some insight as to a man's way of thinking. Understanding what things are, and how they're supposed to function is key to using them properly and to getting the most out of them. Of course, I don't mean "use" in the literal sense. However, without this understanding the information is useless to you. As you read, remember that men have a unique way of communicating just the same as women. What I want you to take away from my books is how to respect our communication differences, and not to be offended by them. Realize what a power play is, but be able to recognize when it is that vs. a miscommunication. Never assume. When in doubt, simply ask for clarity. We invest a great deal of time putting out fires because we allow misunderstandings to flare up. I urge you not to allow these simple things to ruin your next relationship.

Painting Gilded Florals and Fruits (Decorative Painting), Marvel Universe Avengers Assemble (2013-2014) #9, The Masters and the Path, Love Com, Vol. 10, Beyond Wonderland #1, Squid Girl (Comic Book), The 2007 Import and Export Market for Starches, Inulin, and Wheat Gluten in South Korea, Future Israel: Why Christian Anti-Judaism Must Be Challenged: 3 (New American Commentary Studies in Bible and Theology),
