

Beware the Creeper

In the aftermath of World War I, the bohemian art scene explodes onto Paris -- much to the chagrin of the rich and powerful Arbogast family. Surrealist painter Judith Benoit wants desperately to make a splash -- even if it means ignoring the warnings of others. And as The Creeper, she escalates simple cat burglaries into spectacular art crimes, establishing her as a cultural icon. But what are the true motivations behind The Creepers actions? And how long before her antics spiral out of control and the law closes in?
