

Blessed with being Oversexed

Fed up and frustrated, not knowing what to do and just signed, signing the degree nisi brought back memories of how we were once passionately in love, with an extremely great sexual relationship from the onset of our courtship days and the pleasure from the many wife swapping parties now finally over, still remember our first initiation into wife swapping. I have been celibate for almost a year, is now time to reinstate my over sexed life, but find it extremely hard the thoughts, often remembering those wonderful sexual nights and days spent together with Joe, particularly the parties, many times a day have to playing with myself, remembering those sexual encounters. As unlike, those who choose to make solo love when they are on their own fantasise. I do not have that problem and blessed with hot steamy passion memories. Moreover, have the pleasures knowing that you have participated in being fucked, and sucked by others. Whilst watching others perform close by In addition to feel the pleasure of other naked bodies rubbing against yours. Most certainly have no regrets, as when I fantasise it is about reality, and admit to being oversexed, may be abnormal, but I enjoy it, now need to find a partner who thinks like me, to start all over again. However, my girlfriends keep telling me, to forget the past, and look for the future, maybe it is time.
