

Housepets! Dont Criticize Your Lovelife (Volume 5)

Housepets is (are?) back in a whole new collection, bringing together the fifth year of the award-winning webcomic series! You'll laugh, you'll cry, you'll . . . well I don't want to be presumptuous. Most likely you will feel emotions of some kind, unless perhaps you are a psychopath. Are you a psychopath? I am not a psychopath. --Tiger Arbelt Hes kind of a psychopath. --Marvin Arbelt Literally everybody is crazy except for me. --Zach Arbelt I don't like this author's fixation on psychopathy. Some of us ain't bad people! I mean, I so itainly am, but that don't mean I appreciate being stereotyped. --Yeltsin No comment. No, that doesn't mean you can print no comment as a joke, either. It's stupid and played out. --Rock Milton This book is a real steal. --Four Finger Discount Jack the Wolf
