

## How To Get That Job and Beat the Competition

This book is a guide on how to find a job and finding fulfilling employment, even in times of austerity and slow economic growth. There are numerous traditional ways of looking for a job, but few people are aware of all the possible options or the measures that can be taken to find that job you want or change your career path. This book explores those options, with a step by step guide to finding and applying for that life-changing job. There are more jobs out there than you might think, and reading this book then applying the advice it provides could lead you to a job vacancy you did not know existed and to worthwhile employment.
