

This is a beautiful necklace comprised of 2 handcrafted pieces, the neck piece and the toggle lock. A joint project by Naz Garces and XQDesigns, the neck piece is created using simple chain crochet stitches with a flower toggle lock wrapped with crocheted thread that can be a pendant as well. In this tutorial, you'll learn how to crochet, wrap crochet and simple wire work techniques. But what's interesting in creating this piece is the crochet wrapping technique you will learn in making the neck piece. Once you've learned it, you can do variations with the piece and be able to create your own designs using the crochet wrapping technique. The tutorial is catered for intermediate to advance level or anyone who loves to learn crochet jewelry. It has in-depth instructions and ultra-clear, close-up photos at each step. Additionally, you can ask me question you have on the tutorial. No more getting stuck and frustrated on a confusing or just plain inaccurate pattern.
