

Each year, the elite Hopes Peak Academy selects only the most gifted and talented students to enroll...plus one ordinary student, chosen by lottery. Makoto Naegi was that lucky person--or so he thought! When he shows up for class, he finds the elite students are a bizarre cast of oddballs under the ruthless authority of a robot teddy bear principal, Monokuma. The bear lays down the school rules: the only way out of Hopes Peak is to not only murder another student...but get away with it, as every murder is followed by a tribunal where the surviving students cross-examine each other! Inspired by the Danganronpa videogame series and based on the anime of the same name, the Danganronpa manga is a quirky, fun, weird, and dynamic take on the high school Battle Royale genre.
