

ASK: The Questions to Empower Your Life

WHY? Why do some people live happier, successful, and more fulfilling lives while others are miserable, struggling and empty? ASK gives you the answer. As Jenet says, Life is meant to be lived, not endured. In an easy-to-read, humorous, conversational style, peppered with logical explanations, simple steps, and real life examples, Michael Jenet shows you how to immediately get more out of life no matter where you are at this moment. The answer to the question of why lies in the questions our mind asks every day. Learning to take control of these questions, indeed to raise our IQ (Intentional Questioning) is the secret behind those who live happier fulfilling lives and those who merely survive it. . Included is a toolbox which guides you to immediately enhance; your career, your relationships, your health, your spirituality, your appreciation, your happiness, your life. It doesnt matter what stage of life youre in, if you want to get more out of every day, to experience more joy, more success, more happiness, more connection and live life, not simply endure it, this book will teach you what to do.
