

This audiobook could best be described as a lab manual with simple experiments that prove reality is malleable, consciousness trumps matter, and you shape your life with your mind. Yes, you read that right. It says prove. The nine experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newtons laws of motion. Rather than take it on faith, E-Squared invites you to prove the following principles: There is an invisible energy force or field of infinite possibilities You impact the field and draw from it according to your beliefs and expectations Your connection to the field provides accurate and unlimited guidance The universe is limitless, abundant, and strangely accommodating
