

The Dying Process - Facing The Loss Of A Loved One: A Simple Guide for Those Experiencing The Death of A Loved One

The Dying Process - Facing The Loss Of A Loved One is a book that focuses on providing those who are faced with the death of a loved one, easy to understand information about the physical, mental, and emotional changes, that occur during the dying process. This book will help provide insight about artificial treatment measures and withdrawal of life support. Also, the settings of death and physical changes that occur as loved ones move through the dying process are addressed. A few examples are provided to show the transition from a curative to a comfort focus of care. Knowing what to expect will help reduce the anxiety and fear of the dying process and promote a more peaceful and comfortable passing for your loved one.
