

## Planet Earth: Problems and Prospects

The conference took advantage of the confluence of meetings of the Royal Society of Canada, the Learned Societies of Canada, and the Canadian Federation of Biological Societies at Queens University in Kingston, Ontario. Planet Earth, a compendium of papers presented at the conference, is the result. Contents  
Humankind: Agent and Victim of Global Change in the Geosphere-Biosphere System - Digby J. McLaren  
Our Common Future: World Development and the Environment - Alistair M. Taylor and Duncan M. Taylor  
Changes in Climates of the Past: Lessons for the Future - Michael B. McElroy  
World Hunger, Livelihoods, and the Environment - Gita Sen  
Species Impoverishment - M. Brock Fenton  
The Interface of Health, Population, and Development: The Ecology of Health - Rex Fendall  
Environmental Toxicology - Gabriel L. Plaa  
Aboriginal Peoples: The Canadian Experience? - Marlene Brant Castellano  
Science and Politics on Planet Earth - Michael Ignatieff.
