

Masters of the Nonsenseverse: A Get Fuzzy Collection

At the center of this warm and fuzzy romp is Rob Wilco, a single, mild-mannered ad executive and guardian of Bucky and Satchel, anthropomorphic scamps that still live by their animal instincts. Bucky is a temperamental cat who clearly wears the pants in this eccentric household. Satchel is a gentle pooch with a sensitive soul who tries to remain neutral, but frequently ends up on the receiving end of Bucky's mischief. Together, they create a hilarious tableau of animal versus human nature.
