

LIVING WITH AN EDGE: Making a Difference in Today's World as an Authentic Follower of Jesus

9/11 stands as a stark reminder that every person can leave a lasting impact on our world. The choices we make and the paths we follow will determine the kind of impact we make. We are all born with an innate desire to live with a purpose. God wants us to live proactive lives to impact society for good: we do that by becoming Followers of Jesus. Living With An Edge is the way Pastor Ron Kallem describes a person who follows Jesus. He says Each of us makes the choice to either waste our lives, spend our lives or invest our lives. When we choose to invest our lives in following Jesus, everyone wins!
