

When Chinese style design art become a trend

In recent years the vigorous development of the design art, makes the east and the west culture to the deep influence on the impact of the interior design style. So diversified design style arises at the historic moment, the nostalgic wind restoring ancient ways, the tide of fashion wind, pure and fresh and pastoral wind, romantic classical wind, what's more, some crooked nuts of genius designer shaped exaggerated eerie wind... However, in the splendor of design element, more and more designers attach importance to the application of Oriental elements and its cultural connotation. In modern peoples aesthetic demand to make rich traditional Chinese lasting appeal, the space design has injected a new Oriental style, the structure of the traditional Oriental art to spread.
