

A Snow Elf in an exotic land... Iduna has just become an Advanced Spellcrafter even though she still struggles with her strong emotions, a weakness inherited from her birth parents. A marauding horde with a devastating power is coming... Rumors reach Iduna that the Snow Elves are sweeping down from the North in an unstoppable wave of destruction. She tries to protect her new life in Lawan only to discover that everything she believed is wrong. Can anything stop them? Being an Advanced Spellcrafter suddenly means nothing. She must deal with smugglers, dragons, and learn a new way, a new magic, or lose everyone she loves.
