

The Alicia Hruby Love Network and Man in Coma Visits Heaven (Jubilee A Good News Publication Book 50)

Jubilee, A Good News Publication has been in existence in Southwestern Pennsylvania and in parts of West Virginia since September of 2006. But many of you are seeing it for the first time. Jubilee reports on miracle stories such as the woman who suffered with Multiple Sclerosis for 16 years when abruptly, the disease disappeared. Even the lesions that normally show up in the brain vanished. Then theres the story about the woman who was on life support and in a coma. She was pronounced brain dead three times, yet her husband kept refusing to let them pull the plug. The woman is alive today to tell her story! Stories such as these confound the medical world. The only explanation is that something supernatural was brought into place that finished what the medical world could not. Heres a glimpse of the four stories in this, the first digital edition of Jubilee by order of chapter: Alicia Hruby--As Alicia faces a rare life-threatening illness, she is also experiencing something so wonderful and empowering, that it has brought strength and peace into a place where fear should be ravaging. Alicia and her entire family have drawn a conclusion based NOT on her symptoms, but instead on their Faith in God and a deep knowing that the end of this story is going to be good! Find out whats taking place around them that is supporting their Faith stand. Alicias courageous outlook has gone viral...but so has the LOVE! Rosalie Adams--Two words describe Rosalies story: Funny and Inspirational. Rosalie experienced a miracle that was unexpected, because it wasnt something she really thought about. But thanks to some down to earth circumstances that caused her to ask for a miracle, it showed up! This story is about a miracle searching out Rosalie so it could happen! If youre an animal lover, youll love this story! If you just need a pick me up, this is also the story for you. Its an

absolute delight to read, and its one you are not likely to forget. Robert DeWoody--The doctors and nurses thought he was unconscious--in a coma. But his mother who sat at his bedside knew something more was going on with her son. She was right. Robert went to Heaven and came back to tell about it. This Jubilee Exclusive will give you insights as to what Heaven is like. If youve lost a loved one, especially a baby or a child, read this story and the Crumbs at the end of this ebook. This story will take you on a tour of Heaven! This story isnt just credible...its Incredible! Barbara Brizes--Barbara loves animals. In fact, she runs a local dog kennel in Elizabeth, PA! When her own dog died however, she couldnt bring herself to get another one. Her grief ran deep and she missed having him around, that is...until what she calls a divine intervention took place. Find out who her surprise mystery visitor was. She soon discovered there is plenty of love to go around! There are several twists and turns that this story takes, but the title is: Who Rescued Who? Theres always room for love! Jubilee wishes to thank the writers: Darci Gutosky for their diligence to write the Jubilee way so that the experience speaks for itself. A VERY BIG thank you to everyone who endured the many interviews connected with these miracles: THANK YOU from the bottom of my heart. It was an honor and privilege to report and document your experience so that people will be encouraged to know that miracles really do happen! *Jubilee is not affiliated with any religious denomination or organization, but believes in the moral fiber of the United States of America and its foundational truth that came through our forefathers who instituted the words this nation lives by: In God We Trust.
