

America in the Bible

The United States of America is not in the Bible. So said a noted pastor, during a national interview. Is this true? If so, the implications are staggering. America would be a nation declining into oblivion, or she might be Babylon. Either way, she would be hated by God, and Christian believers should get out while they can. However, what if the United States of America is in the Bible? Welcome to the discovery! Steven Grant takes you on an exciting ride through the Bible and history, one that reads like an adventure novel. Questions addressed in the book include: Is America merely lucky? Does God have His hand in Americas history? What will happen to America? How does America fit into Gods plan? You may not think of America the same way after reading this book. For Christians, and for patriots who have loved America but didnt know why, this is a book for you. America in the Bible. Heavens kingdom. Its time for the truth. And its time you knew.
