

## TwoHaveFun: Great Activities for Awesome Couples - Games For Those That Are Serious About Having Fun

The idea behind TwoHaveFun is simple - having fun should be easy. TwoHaveFun is perfect for you if you... Want fun at your fingertips now, on your device. Want to spend the evening together but don't feel like dressing up for a night out. Feel you have too much of a routine, and want to break it here and now. Looking for a unique activity for your first date. Or the 100th. Want to celebrate your anniversary in an untraditional way. Have day off and feel like going out on a small adventure. Want to add color to your morning routine. What kind of activities will you find in the book? These activities range from fun to serious fun. The two of you will be rolling around together on the floor laughing, connecting with your inner child, and most importantly loving each other like you never thought you could. Investing in a relationship can be fun, exciting, and done on a budget. We believe you can gain better communication, openness, trust, playfulness and intimacy, just by creating new fun experiences with the one you love. These activities will warm your hearts and relationships, and open them to new ideas and experiences. Yours, Lali & Uri
