

Uni Planner is designed to help students balance college life and get the best out of their quarter. Elements adapt to the day of the week and the week of the quarter to make sure you have the essentials to succeed. Uni Planner helps you to energize in the beginning, destress, organize and stay motivated through the middle, and reflect on your accomplishments until the end. With enough consistent elements to feel familiar and enough new elements/activities to keep you excited for the days ahead, there is something to gain everyday: for your schoolwork, for your extracurriculars and for yourself. Perfect for: the busy college student who wants to stay organized for his/her classes (up to 8 courses) the ambitious college student who wants to do more than the essentials any other college student who wants to make the best of things

Highlights: Uni Planner LITE* incorporates 7 main elements: Self Love being loving, proud and forgiving of oneself Achievement setting goals, tracking progress, celebrating achievements Balance balancing work and fun, combating the bad with the good Study Aid analyzing approaches to schoolwork and their results, finding better solutions, staying on track with courses, preparing for exams Time Management staying organized, regaining focus, reallocating and saving time Reflection reflecting on good memories and lessons learned, maintaining inspiration and motivation Health tracking meals, exercise, rest, and stress levels, making time for relaxation * The LITE version only has one journal prompt each week, labeled Weekly Reflection, compared to the daily prompts in the Original Version. LITE version focuses more on Study Aid, Time Management, and Achievement and less on Self Love.
